Dear Sir/Madam,

As a quick-thinking technology enthusiast who is utterly passionate about cutting edge innovations, I would like to apply for a position in your organization. Having gone through the job description stated in the advert, I do believe that I possess the essential skills and qualities required to carry out the specified roles to the expected standard.

I have a degree in Electronics Engineering (Bachelor of Engineering) from the University of Nigeria Nsukka (UNN), specializing in Software Engineering. During these studies, students are prepared for a career in engineering, communication and technology. In order to make good use of my acquired knowledge and skills, and also help in self-growth and actualization ation, I would like to be a part of your organization.

I am a self-motivated, enthusiastic and dedicated person who has always had a burning desire for creativity and innovations especially when they relate to technology. I believe the life experience I have gained so far, coupled with my innate passion of creation and exploration, would enable me give this organization the very best in line with the my anticipated role.

I have dedicated a lot of time to software development and management, built different software applications, worked as a software sales engineer and I have introduced and trained more than eighty individual in software development (Coding) over the year.

Below, are some skills and qualities that I am confident would really make me a perfect fit for this position.

A desire to continually develop within the role. Consequently, contributing positively to the team.

A willingness to accept all challenging task regardless of their complexity.

An honest, focused and professional approach to my work (Respect for basic rules and procedures)

A positive and enthusiastic attitude to my work.

An ability to work well under limited time and complete all task in line with the job description.

Ability to take initiative, assisting other team member whilst carrying out their duties.

I am confident that my proven track record of excellent work ethic, unparalleled attention to details, Innovative mindset and amazing software skills will make me an immediate asset to your organization, thereby granting me the privileged to contribute to the team success.

If my application is successful, I believe you will be very impressed with my positive attitude to work, my ability to learn quickly and deliver excellent services. I would love to further explain my motivation to work with you during a personal meeting.

Thanks you for your time and consideration. I really do look forward to hearing from you.

Yours Faithfully,

Nwanguma, Chinwendu Goodness
